

COVID-19 ARPA Pennsylvania Digital Connectivity Technology Program

Grant Approvals | Statewide

Overview

The Digital Connectivity Technology Program (DCTP) is funded pursuant to the Coronavirus Capital Projects Fund, established under the American Rescue Plan Act of 2021. The Digital Connectivity Technology Program aims to increase access to technology devices where affordability has been identified as a barrier to broadband adoption and use. The PBDA will distribute \$20,000,000 in devices through a competitive grant process to public-facing community anchor institutions and units of local government.

Digital Connectivity Technology Program Grant Approvals
